

RAJENDRA RATHOD

Cybersecurity Engineer

About Me

Cyber Security Engineer, with a deep interest in securing systems and safeguarding data in an ever- evolving threat landscape. I'm passionate about applying my academic training to real-world security challenges from vulnerability analysis and threat detection to secure architecture design

Work Experience

GIS Engineer
RMSI Pvt Ltd

Jan 2025 - Jun 2025

- Developed and maintained GIS data and spatial applications.
- Analyzed geographic datasets to support business decisions.
- Collaborated with teams to integrate GIS solutions.
- Applied GIS tools and best practices for accurate data handling.

Technical Support Executive

Jan 2025 - Jun 2025

United Telecom Pvt Limited

- Performed system monitoring, updates, and basic maintenance.
- Diagnosed and resolved hardware, software, and network issues.
- Provided end-user technical support for desktops and infrastructure.
- Maintained documentation, logs, and troubleshooting records.

Projects

AI Security Policy Suite & Regulatory Review

- Built an AI suite to generate and review policies aligned with global compliance standards.
- Used AI to pinpoint policy weaknesses, accelerating compliance validation and security governance.
- Unified automated policy generation with proactive risk assessments to streamline security operations.

Splunk Log Analysis & Threat Detection

- Implemented SIEM for centralized monitoring and configured endpoint agents for log collection.
- Correlated logs from multiple sources to identify anomalies and triage incidents.

DNS Query Monitoring Tool

- Developed real-time tool to identify phishing and DNS tunneling, enhancing network visibility.
- Integrated dashboards using Gradio and Plotly to track domain patterns for rapid response.
- Simulated DNS traffic to pinpoint gaps, identifying IoT risks and exfiltration

Network Intrusion Detection System

- Deployed Nmap IDS/IPS for real-time traffic monitoring and packet inspection using custom configurations.

Bengaluru, India

Education

REVA University (RACE)

M.tech. in Cyber Security
Nov 2025 - Nov 2027

CMR institute Technology

BE in Electronic and Communication
June 2014 - Sep 2018

Skills

Cybersecurity & Networking

Networking (TCP/IP, DNS, HTTP/S) Network
Scanning (Nmap) Intrusion Detection &
Prevention SIEM Fundamentals Log Analysis &
Alert Monitoring HTML, CSS, Python, SQL

Tools

Nmap, Wireshark, Splunk, Cisco Packet Tracer,
Git/GitHub, Visual Studio Code (VS Code), Power
Bi

Certificates

- Python 101 for Data Science
- SQL and Relational Databases 101
- Cisco Networking Academy
- Microsoft Power BI Dashboard Certification
- Commonwealth Bank - Simplilearning — Introduction to Cybersecurity Job Simulation
